

# QUALITY

# OUR GLOBAL PRESENCE

## Research & Development

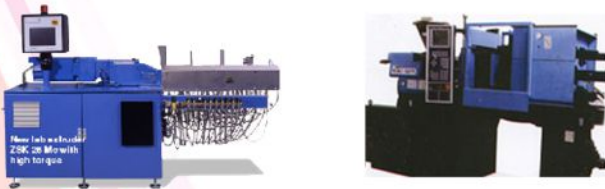

We use state of art R&D facility manned by high class professionals having thorough knowledge of Polymers/ Pigments/ Additives and various plastic applications. We have various testing & other facilities for experiments on pilot scale to extract best results in testing, quality assurance and product development.

The formulations, specifications and selection of raw material from global pool are the responsibility of our R&D Department per your specification. Our Quality control department approves the testing procedure of any new raw material. Quality control on incoming raw material, lot approval and raw material inspection are carried at our own Laboratory. Quality of running production is continuously monitored by our highly skilled Quality Control Department. Every step of production is monitored with stringent quality checks and this activity is revised at every step right from procurement of raw materials to delivery of finished product thereby ensuring consistency in our products at all times. We believe in poka-yoke for detecting and preventing errors in our process.

Identification of product defects by testing the product's shape, size, color, or other physical attributes.

The fixed-value method alerts the operator if a certain number of movements are not made during production of masterbatches.

The motion-step method determines whether the prescribed steps of the process have been followed.

## CORE COMPETENCIES:

Complete logistic solutions available.

Sourcing of local raw materials and Imports at a very competitive price.

In-depth understanding of customer requirements.

To offer cost effective solutions.

Continual interaction with industry & constant up-gradation of process & quality.

A New Milestone in Coloring Solutions.

A Government Recognised Star Export House.

Satyam Polyplast is a government recognised export house. We are the main producer in Asia for speciality grade Masterbatches for Fibre, PP & PE based additive and colour Masterbatches for Plastic Films, Mouldings (Injection Moulding & Blow Moulding), BOPP/CPP Films, Raffia, Optical Cable, PET Bottle and various other plastic applications.

We have Masterbatches using various base polymer like PE, PP, PBT, PET, HIPS, GPPS, SAN, EVA, ABS and NYLON for different applications.

Having established ourselves in domestic market and having significant presence in almost all the applications, we are now exporting masterbatches to several Asian and European countries. Our range of masterbatches are comparable to the product of any European producer with respect to quality and consistency in all their forms, whilst being attractively priced as well.

Our Plant is located in Jaipur – Rajasthan, India. Using best of the Plant and Machineries from the world leaders and using a broad range of Pigments / Dyes / Additives and base resins we create specialty grade Masterbatches that meet your specific application needs. Our Research and Development facility is second to none as we strive to produce new products, test existing ones, maintain production parameters and offer a complete shade matching services.

## COMPANY PROFILE

- Product : Colour and Speciality Grade Masterbatches
- Capacity : 15000 MT/Annum
- Location : Jaipur, India
- Development & Quality : High Profile Laboratory and R&D Centre Assurance
- Plant & Machinery : Manufacturing and Testing Facilities from world leaders
- Man Power : 100

### PLASTIC RANGE (PE RANGE)

WHITE & BLACK MASTERBATCHES

COLOUR MASTERBATCHES

ADDITIVE MASTERBATCHES

### PP RANGE

BLACK MASTERBATCHES

COLOUR MASTERBATCHES SPC (MONOPIGMENTARY) CUSTOM COLOURS

OPTICAL BRIGHT MASTERBATCHES

COLOUR MASTERBATCHES SPC (MONOPIGMENTRY) CUSTOM COLOURS

WHITE MASTERBATCHES

ADDITIVE MASTERBATCHES

RAFFINA - WOVEN SACKS

LAMINATION BAGS

SHOPPING BAGS

MULTI & MONO LAYER FILMS

INJECTION MOULDING

BLOW MOULDING

ROTO MOULDING

PP - NON WOVEN

BOPP / PET

OPTICAL FIBER GRADE

JELLY FILLED TELEPHONE CABLES

BULK BAG

FIBER YARN

BOBBINS

PACKAGING FILM

### The Benefits :

With Satyam Polyplast, you are assured of :

- Product of International Quality
- Short Delivery time
- Availability in small lots
- Minimum inventory at your works
- Custom made shades
- Tailor made products
- Quick technical Support
- Prompt after Sales service
